

Pope Says it's Suicide Not to Take in Migrants

by blogger *Axe of Perun* – originally published on the internet on 22 April 2017, saved by a reader for Aryan Europeans

Well, well... This Saturday, 22 April 2017, the Pope showed up at the Basilica of St. Bartholomew in Isola Tiberina, Rome, Italy. His minions of mind-manipulated slaves tagged along as always of course, for he is after all the Pope, the Human representative of the Jewish God on Earth, the democratically elected descendant of a lineage of Jewish Priests who worship a Jewish Essene named Jesus, a worship which was sold to them as a religion by the Jewish Pharisee Paul. **Rest assured, it is all Kosher.** After killing millions of Europeans who resisted the invasion of the Semitic religion – they now hold a strong foothold in Europe and European minds. What the Pope says is holy in the eyes of hundreds of millions of people, for he is doing God's Will and is basically God's messenger, an angel even – only without wings. **Anyways, the Pope [said](#) the following beautiful things :**

“Thanks you for being here. Thank you for your prayers. This church of the martyrs this reminded me of the cruelty, the cruelty that so many people have to suffer, the exploitation of people I’m reminded of the people who come here in boats and they are left there (in internment camps), in generous countries like Italy and Greece who receive them but then because of international agreements don’t allow them to move on.

If Italy was able to welcome two migrants per municipality there would be room for everyone. And this generosity of the south of Lampedusa, Sicily, Lesvos, if only

it could infect a bit the north. It's true we are a society that doesn't have children, but we close the doors to migrants. This is called suicide. Let us pray!"

The Pope telling his fellow Christians and Jesus-believers that all these migrants are simply suffering and we have to open our doors and arms to them. Forget the suffering of Europeans, forget all the death and destruction, rape and murder, theft and harassment that is going on. Forget the fact that someone and something is controlling European nations and is disabling them from having children, is forcing them to pay abnormal taxes, is taxing them for having properties of their own; **forget the fact that there exists a White Genocide agenda**. Forget also the fact that Pope Francis was awarded the Coudenhove-Kalergi award in 2016 : The very source of the idea of the European Union, the very source which coined White genocide as a necessary next step for Europe in which Jews are supposed to rule the land.

Imagine his words – he wishes for the North of Italy to be “infected” by the same lunacy which the South is supposedly part of, yet we know very well that no sane Southern Italian is accepting nor welcoming this invasion of their homeland. But the choice of words : Infected. **Impressive isn't it?** He is even fucking with you while speaking, he basically acknowledges that only an infected mind, a diseased and rotten mind, would be willing to accept these “refugees” and look at his people, land and race die out. A society which has no children, he says – I guess this must be “God's Will” as well; or as we who know what the hell is going on call it : The Jewish question. **Another [source](#) adds more to the cake :**

Pope Francis urged governments on Saturday to get migrants and refugees out of holding centers, saying many had become “concentration camps”. Francis praised countries helping refugees and thanked them for “bearing this extra burden, because it seems that international accords are more important than human rights”.

The basilica of St Bartholomew is a shine to Christians killed for their faith in the 20th and 21st century. It contains a prayer book used by Father Jacques Hamel, the 85-year-old French priest killed by Islamist militants who stormed into a church in Saint-Étienne-du-Rouvray last year, forced Hamel to his knees, and slit his throat while they chanted in Arabic. His sister Roselyne attended the service.

Isn't that just wonderful? Using the prayer book of a priest who was killed by migrants and calling for more migration. That is Christianity my friends – and I advise you to read my [Christian Cuck articles](#), especially the one where I quote the various Christian fathers and early Christian priests and converts who were ready and willing to deny their land, people, race, home, borders – pretty much everything. Since that didn't work as the Jews and their Christian slaves expected, due to there still being Kings and Emperors who were not willing to forsake their lands and people – the Christian invasion of the Jews had to operate differently, for the time being. It had to infiltrate as many possible institutions and agencies of the King, it had to brainwash his people so that he – the King himself – would be forced to convert as well. The people would not accept a non-Christian King anymore, and with the King now having to bow down to the Church and Jews, he was in their complete control.

Of course, there were cases when a gullible and stupid King would come to the Throne, one who would himself willingly accept Christianity and he would then continue the spread of this poison on his own. He felt it to be God's Will, for the Priest, the Pope was in his eyes the direct connection to Yahweh, he was the Mouth of God. Just as the Jews managed to stumble into a stupid Pharaoh (according to their story) back in the days of Egypt and controlled him by being his consultant of dreams, so were they “**consulting**” leaders of other regions through religion, astronomy, astrology, dream interpretation – and would – finally come to Europe and do the same through Christianity. You see, what the average lemming cannot comprehend is that the Jew uses both sides in order to destroy both of them, or at the very least, to destroy one of them.

For the Jew Christianity is an expendable tool. It has its uses, it served them well, and it still does serve them well, but one day it will simply be unnecessary. The acting, the theater called Christianity and the Church will one day simply become more annoying than useful – just as the Black Race that the Jews are currently using to destroy any and all European Nations – will become useless to them. The Jew has absolutely no problem in making people fight each other. But, let me sharpen your mind with the following statement : Ignore the existence of Christianity for a moment. All that is left without it is Jews manipulating one group of Europeans into killing the rest of the Europeans. Dismiss Christianity in your mind, and that is what is left.

Remove Communism, Marxism, Liberalism, Democracy, Feminism, etc. – remove just for a moment all these various Jewish ideologies from your mind and look at what truly is left behind. A European brother killing another European brother. A European sister betraying her European people. A son and daughter murdering their parents and ancestors.

As long as you give life to the various Jewish illusions they will have an impact. The moment you stop powering them up with your energy – all that is left behind is a charade. There are Christcucks who will claim that the current Pope Francis is an anti-Pope. Now, what the hell does that mean? How was he then elected? Democratically. Why didn't God intervene if he knows all and sees all? Why is the Jewish God furthering the Jewish agenda? Why aren't Christians stopping this Pope? Why hasn't there yet been a single protest against him? Why are you afraid of this anti-Pope then? How many “good” Popes did even exist during the history of Christianity? How many Popes were Jewish? Why can your religion be used against your People? Why can your holy book be used against you? At what point do you draw the line? At what point do you realize that your religion is a Jewish construct, a Jewish tool for infiltration, a Jewish tool that will ultimately be part of our final genocide?

You like to draw images of Negroes and White liberals being controlled by a Jew in their mind. Why not draw one of a White Christian who was willing to go and “free Jerusalem” because it is the Jewish holy city of the Jewish God in the Jewish Bible? Why not draw one because White Christians allowed Jews into Britain expecting the return of Christ? Why not draw one because a Christian killed the last Pagan Roman Emperor? Why not draw a mind-manipulated European Christian because he went around the world spreading the “Word of the Jewish God”, carrying with him thousands of crypto-Jews who would then establish their own

secret societies and infrastructures. Why not build a monument for all the Christian Zionists today who can't wait for Jews to establish a New World Order?

What gave Christianity an illusion of power and control? The pathetic excuse of the Crusades. You know, not much has changed. The Jews are using the Muslim and non-White immigration to present their Kosher candidates as “far-right Nationalists”. Again, remove just for a moment immigration from your mind. Let us assume, just for a moment, that France, for example, is 98% White and that the remaining 2% are Jews. Would you then vote for a Zionist puppet, who loves Israel, who dates a Jew, whose daughter has Mossad relations, etc.? Assume the same for America, 98% : 2% – would you vote for a President who is pro-Zionist, pro-Israel, has children converted to Judaism, has children dating Jews, has Jews all around him and is telling you openly that he will implement a law that punishes anti-Semitism? **So, why are you doing it now?** Because the Jews created chaos with the non-White immigration and the value for “far-right” has dropped and became Kosher. You are openly accepting Zionist rule because you hope, you believe, that the Jews will help you and not betray you as they always do.

You think that you can control the Jew who is already controlling you through Democracy, Christianity, and various other Jewish cults. You think that you can control a Jewish created and designed institution and society. You think you are using Jewish selected Puppets in your Government. Get real, will ye?

What profit has not that fable of
Christ brought us!

~ Pope Leo X
